SUMMARY

I'm a detailed and technically skilled IT graduate (BSc Computer Science) with 2 years of experience in Application Development and Support. I have a proven track record in monitoring, logging, and troubleshooting web applications, and I have provided level 1 & 2 technical support and system maintenance. I'm experienced in Incident management and collaborating to resolve high-complexity issues. I'm committed to optimising system availability and ensuring seamless transaction processing.

WORK EXPERIENCE

- **Applications Development and Support Intern**

Department of Higher Education and Training

Dec 2023 – Nov 2025

Key Responsibilities:

- Provided Level 1 & 2 technical support, managing the Incident Handling lifecycle. Consistently diagnosed and resolved user-reported failures, ensuring accurate verbal and written reports on resolutions were documented in the Problem Management system.
- Application Troubleshooting and Root Cause Analysis: Performed monitoring and administration of web applications. Utilized SQL database queries and application log files to investigate and resolve failures on business-critical systems, ensuring data integrity and rapid root cause analysis.
- System Maintenance and Availability: Executed scheduled daily and weekly support tasks, including routine server management and infrastructure optimization to ensure maximum uptime and performance stability.
- User Integration and Training: Managed user onboarding, account creation and access control for the Employee Management System (SMARThet), ensuring seamless system adoption.
- Demonstrated commitment to service availability by providing after-hours support during critical system outages.
- Technical Documentation: Created and maintained application document and training materials to facilitate self-service and improve user knowledge.
- Application Development: Contributed and assisted in designing, developing, maintaining and debugging applications and enforcing SDLC guidelines.

EDUCATION

- **Bachelor of Science in Information Technology
Majoring in Computer Science and Business Management**
University of the Free State
Completed: 2022
- **Grade 12 (Matric)**
Kgolagano Secondary School
Completed: 2017
